

# WHAT YOU NEED TO KNOW ABOUT VAPING & E-CIGARETTES

Nicholas Chadi, M.D., is a pediatrician, specializing in Adolescent Medicine. He is the first Pediatric Addictions Fellow in North America and is conducting clinical research with the Adolescent Substance Use and Addiction Program (ASAP) at Boston Children's Hospital. Follow him on Twitter: @nicholaschadi or at nicholaschadi.com.

Wednesday - October 17th

7:00-9:00 PM

Cary Hall

1605 Mass Ave. Lexington

A presentation and Q&A discussion  
with Nicholas Chadi, M.D.

**FREE & OPEN TO THE PUBLIC**

Starting at 6:30pm, come early to view the "Hidden in Plain Sight", the display of a typical teenager's bedroom as an opportunity for parents to recognize common items that may be indicative of substance abuse.

Sponsored by: Lexington Human Services Department,  
Department of Health, and the School Health Advisory Council
